Hi Jennifer--can you also please give Dan Abrams and Laura Gentile access to this site today?

Hi John – Christie should already have access to the site. Let me know if she didn't receive the invite with the link and I can figure out how to get that to her again.

Thanks!

Jennifer

PIOs -

A SharePoint site has been set up for EPA communications folks to exchange information on the Gold King Mine Release. This SharePoint can be used to review draft documents, and save updates/releases in one location for future reference. Also, there is discussion feed on the site. Unfortunately, I've learned that this site cannot be accessed by iPhone.

I've added everyone who has been invited as an owner, so you can change the structure of the site and invite other EPA employees if needed. Please let me know if you need me to make any changes.

Thanks,

Jennifer
